Adnan Majeed (Lecturer CS)

+92-*320 9422680* Lahore-Pakistan | adnanmajeed82@gmail.com | GitHub | ORCID | LinkedIn Google Scholar

Profile

Senior Lecturer with Data Scientist with 15+ years of experience across machine learning, data analytics, NLP, and backend API development. Strong expertise in building predictive models, ML-powered systems, and scalable REST APIs using Python and Django REST Framework. Proven ability to translate complex data into actionable insights for business and academic stakeholders.

Education

Hajvery University Lahore, Pakistan
MSCS-M. PHIL Computer Science (2014-2016)
CGPA 3.07/4

Virtual University of Pakistan – Lahore, Pakistan
Master of Computer Science (MCS) *(2010 – 2013)*

- Ranked in the top 15% of the graduating.

B.A University of the Punjab (2006-2008)

Technical Skills

Django RestFramework, API Development, API Testing Postman, Docker Containerize, Apache Kafka, Machine Learning, Data Science, Open CV, Deep Learning. CNN, RCNN, Mobile App Dev, AI App , AI Agent Dev , Cloud Native app, Microservices architecture MVC.

Experience

1. **Lecturer Computer Science Minhaj University Lahore** (March 2026 Oct 2026)
   Teaching Undergraduate students, Outcome based Education. ADBMS, Data Science, DRF, AI Project Dev, Design & Analysis of Algorithm, ANN & Deep Learning.
2. **Lahore College of Arts Science & Technology** affiliated from Government College University (GCUF), Visiting Faculty (Sep 2025 – March 2026) Teaching Mobile Application Development and Digital Image Processing to BSCS students.
3. **Lahore Leads University – Lahore. Lecturer**, Computer Science (Nov 2024 –FEB 26)
   Teaching Web Engineering, Assembly Language, Operating Systems, Achieved 90% student success rate. Data Structures & Algorithms, Systems and Network Administration, Data Science.
4. **The Hunar Foundation – Lahore, Pakistan. Lecturer CS** (Jan 2023 – Aug 2023)
   Delivered training in Amazon Virtual Assistance, Web Design, Network Management.
   Increased student enrolment by 30% through innovative teaching methods.
5. **Beaconhouse National University (BNU) – Lahore, Pakistan**
   Lecturer / Teaching Assistant (Oct 2012 – Aug 2020)
   Supported courses in Database Systems, Computer Networks, C++ Programming, and managed IT Labs.

Projects

- **ERP Flask Website (2021–2022):** Built a full-stack ERP for postgraduate academic management using Flask, MySQL (XAMPP), and VS Code.

Awards & Achievements

- Developed and published over 80+ projects on GitHub
- Awarded *Best Teacher* and *Regular Teacher* Awards, Syed Public High School *(2012)*.
- Received *Certificates of Appreciation* from Beaconhouse National University *(2013, 2017)*.

Research & Publications (ResearchGate)

- *Analyzed 4G–5G limitations and future 7G network evolution challenges.*
- *Proposed efficient data storage and retrieval using hashing and heap indexing.*
- *Implemented edge detection and region analysis techniques for image processing.*
- *Design and Implementation of an Android-Based Gym Assistance Application Using Java and XML*
